

July and August 2026

Dear Students:

I hope you are doing well!

Dr. Alberto Martinez will be available for **asynchronous (e-mail) summer advisement during July and August**. All students in the Chemistry programs (AS in Chemical Technology and BS in Applied Chemistry) are welcome. Advisement ensures that you are taking the correct courses towards the fulfillment of your degree requirements and helps you avoid taking non-contributory classes that would adversely affect your TAP and/or PELL allotments. Advisement will also assist you on your academic path towards graduation and attaining your desired goals – continued academics, career endeavors, or both!

You must contact Dr. Martinez by e-mail (alberto.martinez33@citytech.cuny.edu) using your City Tech address and provide your full name and Student ID#. Please, be as specific as possible and let Dr. Martinez know the reason(s) for your inquiry. You should expect a response within 24-48 hours (weekends excluded).

In addition, Prof. Martinez will be also available for **IN-PERSON advisement on August 18th from 10 AM to 5 PM in Room A516**. It is recommended that you schedule an appointment in advance (contact Dr. Martinez at the e-mail address provided above, and include your name and Student ID#). Walk-ins will be accommodated as time permits.

I hope the above information is helpful!

Best,

Dr. Ivana
Chairperson – Chemistry Dept.
