Winter Session

Financial aid is expected to be limited for the Winter 2021-2022. The following information is how Winter 2021-2022 financial aid is expected to work:

Winter Session:

The winter session is considered part of the spring semester. Both Federal Pell Grant and Federal Direct Loans are available for the winter session. Students who are eligible will be paid during the spring semester and the number of credits taken during the winter will be combined with the number of credits taken during the spring to determine the enrollment status (full-time, three-quarter-time, part-time, etc.). Students must complete their winter classes in order for the classes to be included in the calculation of the enrollment status.

Financial Aid payments for a winter course will be disbursed during the Spring semester upon successful completion of the winter course. Financial aid is not available for students enrolled in ONLY winter courses.
